## *EDUCATIONAL PHILOSOPHY & MISSION*

The educational philosophy of Bowling Green Christian Academy is based upon two Biblical principles:

1. The most important part of education children is encouraging them in the love of God and His Word and the development of Christian values and character.

“These commandments that I give you today are to be upon your hearts. Impress them on your children. Talk about them when you sit at your home and when you walk along the road, when you lie down and when you get up.”

Deuteronomy 6:6-7

2. The responsibility for education children belongs to the parents, not to the state government, the church or any other institution.

“Fathers, do not exasperate your children: instead bring them up in the training and instruction of the Lord.”

Ephesians 6:4

In addition to spiritual training, children also need academic training, training in citizenship and vocational training in order to become productive members of society. Parents should prayerfully seek God concerning the educational choices they make for their children. There are basically three choices available to parents today –

Private Christian Education  
Home Schooling  
Secular Public Education

The mission of Bowling Green Christian Academy is to provide a quality private Christian education alternative to the families of Wood and surrounding counties for Kindergarten through 12<sup>th</sup> grade. We have a high commitment to both the building of Christian character and the academic excellence. While the Academy is affiliated with Bowling Green Covenant Church, every attempt is made to concentrate on basic evangelical Christian values and principles and avoid areas of doctrine which might be controversial or interfere with parental teachings in any way. Our desire is to serve the sole Christian community and see the Kingdom of God through our children.
